

COME TO THE
'BOOK' FAIR

Mokena will become book-conscious, extra ordinary, on Tuesday, November 29 for on that day some time each class in the Mokena public school will be treated to a story-telling hour. In the evening as a feature of the regular PTA meeting the "Book Fair" will be held.

The Book Fair is a well-planned and well-presented program offered by highly trained specialists who are in popular demand. According to one arbiter elegantiarum (translation: a judge in matters of taste), this will be an event which should not be missed by anyone who is interested in the proper selection of books for children. Also, it will offer an excellent opportunity for Christmas, birthday, and other holiday buying.

More details on the "Book Fair" will be published later, but, in the meantime, remember the date and remember that this, as are all regular PTA meetings, is open to the public. So, we'll see you November 29, 8 p.m. in the Mokena School auditorium.

The November meeting of the Executive board of the Mokena PTA was held Tuesday evening, November 8th, in the home of Mr. and Mrs. Gerrit Swart, with President Paul Cowhig, presiding. Mrs. George Steele, chairman of the Ways and Means committee, excitedly gave the result of the recent Minstrel show. The budget was discussed, as were the Book Fair and other plans and projects for this school year. Following the business session, delicious refreshments were served by Mrs. Swart.

Under The Cross
Of Malta

November 14, 1949

The last regular Post meeting November 10 was well attended. Aside from the regular Post business and building and finance committees submitted their respective reports, which resulted with much constructive discussion by various members of the Post.

It is hoped by the committees to complete our new building as soon as possible. During the past week much progress has been made; the plumbing is partly completed; the electric wiring on the main floor is nearly completed; within one week the water pressure system was installed; the ceiling on the main floor is nearly finished.

This work has been done by a few members of the Post, working evenings and some of those evenings—well the temperature was anything but hot.

Comrade "Papa" Stankus has had the job of water-proofing the outside of the building and as soon as he can get a new brush and about two hours of warm weather, the result will be a good job well done.

Post members are reminded that they can pay their 1950 Post dues to Quartermaster Steinhagen.

The next regular meeting Nov. 24th, falls on Thanksgiving day and due to the fact the meeting falls on that day and whereas no action was taken on the matter, there will be no meeting Nov. 24—Glenn C. Peterson, publicity officer.

No more beautiful tone is being drawn from that instrument today...."

MEN ENJOYED ORLAND
HOME BUREAU MEETING

The regular meeting of the Orland Home Bureau was held in the home of Mrs. Fred Woodall and her daughter Mrs. Raymond Wesley, on 108th avenue. A covered dish supper was served in the large and cheerful living room. Special guests of the evening were husbands of the members—their comments being that "Home Bureau women were 'tops'" when it came to good food. Many of the men also enjoyed Mrs. Claradell Upham's lesson on "Selection of Furniture." Husbands not interested in furniture played cards and visited.

The December meeting will be held in the home of Mrs. Raymond Myrick. Following the lesson on "Yeast Bread Variations," the group will enjoy a Christmas party. Each member will contribute an article for the "grab bag."

MANY DIGNITARIES AT DEDICATION
OF ST. MICHAEL'S ORLAND SCHOOL

The beautiful weather of last Sunday made a perfect setting for the dedication services of the St. Michael's Catholic school in Orland Park.

Beside the large crowd there were 25 visiting clergy and 25 visiting Sisters, among whom was Sister Yvonne, the first church school teacher when the parish was organized.

Among the outstanding dignitaries beside His Eminence Cardinal Stritch, were his secretary, Monsignor Hardiman; two former pastors, Monsignor Gorey and Fr. Rooney of Chicago; a former Orland boy, Fr. Gervase Toelle, son of Orland Postmistress Mrs. Grace Toelle and Fr. Phillip Morgenthaler, who assisted the Cardinal.

There were also eight honorary guards of the fourth degree of the Knights of Columbus of Chicago.

The choir under the direction of Mrs. Florence Doyle, formerly of Orland Park, sang a number of selections, among which were, "Ecce Sacerdos," "Ave Maria" and "Ave Marie Stella," the latter being in four parts. Soloists were Patricia Conover, formerly of Orland Park, and John Butler of Palos Park.

After the blessing of the school, the people gathered again in the church where Cardinal Stritch spoke. He dwelt on the importance of education and stated that the Arch diocese of Chicago has expended 13 million dollars during the last three years for that purpose.

At the close of the service dinner was served in the rectory for the clergy and in the convent for the Sisters; buffet luncheon was served in the school for all others. This was followed by an open house for the school.

Former Frankfort Postmaster and Wife
Celebrated Golden Anniversary Sunday

Mr. and Mrs. Robert Stephen, residents of Frankfort for 43 years, celebrated their golden wedding anniversary in their home Sunday. Sharing in the event were their two daughters and husbands, Mr. and Mrs. Gilbert H. Vassner of Joliet and Mr. and Mrs. Fred W. Zuttermeister of LaPorte, Ind.

A five o'clock turkey dinner was served to immediate relatives among whom were, in addition to the above mentioned, Mrs. Minnie Osmus, Mrs. Anna Bethel, Mrs. Jennie Storms, Mr. and Mrs. Irvin Jensen, Miss Jean Jensen all of New Lenox, also Mrs. Ida Andrew, Everett Andrew and daughter Sharon, Mr. and Mrs. Roy Stephen all of Joliet; and Mr. and Mrs. John Stephen of Harvard, Ill.

The dining table was graced with

a beautiful wedding cake. Many beautiful bouquets of yellow 'mums were sent to the honored couple. These decorated the home. They also received many other gifts and cards. Mrs. Stephens received a yellow 'mum corsage and Mr. Stephen a 'mum boutonier, gifts from their children.

Robert Stephen, now 74, and Miss Bertha Jensen, now 72, were united in marriage November 16, 1899 in the parsonage of St. Peter's Evangelical Lutheran church in Joliet, by the Rev. G. Schussler. At that time Mr. Stephen was depot agent for the Michigan Central railroad at Spencer, and they made their home in New Lenox. Later he was transferred to Dyer, Ind., then to Chicago Heights and in 1906 to Frankfort where he remained with the company until his resignation in 1912. Following that he went into the general merchandising business and kept a store for many years. In 1914 he was appointed post master for Frankfort. The post office was in connection with his store, but in 1924 he sold out the store, and just kept the post office until a change of administration in 1932. He made a very good postmaster for the village, being efficient and yet very efficient in his work. He is now employed as shipping clerk at Barrett's wholesale store in Joliet.

The guests in the evening were

entertained by moving pictures in the home.

Stop Lights Soon
For New Lenox

After much planning and negotiating with the State Highway department for approval to install stop lights, the New Lenox Lions club has at last completed that project.

They have been assured that the lights have been shipped and expect to have them installed next week. They will be placed at Route 30 and Cedar road where over half of the school children cross. There are 360 children attending the public school on south Cedar road.

The lights will continue to flash four times a day, 20 minutes before school opens and 20 minutes after closing. All traffic must come to a complete stop when that red light is flashing.

Donations will also be accepted by private parties who want to join the "Christmas Gifts to Yanks who Gave \$5-14,000 Club." Date of the party will be this evening November 17, starting at eight o'clock.

Special release from the Illinois Veterans commission states that the special dividend on National Service Life insurance which will be paid starting in January offers veterans an opportunity to further increase the investment in themselves and their dependents.

By paying their insurance premiums on an annual basis, or even a half year at a time, a veteran can realize substantial savings in payments and simultaneously remove the necessity of paying each month.

Many veterans are planning to use their entire dividend payment to pay up their insurance for a time equal to the amount of the dividend.

Those veterans who have permitted their insurance to lapse can have it reinstated by merely paying two months' premiums and taking a physical examination. Those with service-connected disabilities can take a physical examination without having those disabilities counted against them, providing they apply before December 31. They can also select any amount of insurance from \$1,000 to \$10,000 in multiples of \$500.

The IVC Service officer for Will County is E. Merle Harrison and his office is located at 12 Webster street in Joliet.

RARE TREAT FOR
LION MEMBERS

An unusual color news reel of motion pictures of World War II, illustrating the human side of the war, will be shown by Jack H. Lieb, ace news reel photographer, at a joint meeting of the Lions clubs of New Lenox, Joliet and Frankfort to be held in the gymnasium of the New Lenox grade school Wednesday evening, November 23 at 8 p.m. The motion pictures will illustrate Captain Lieb's lecture "From D-Day to Germany."

The motion pictures, which have never been shown in motion picture theatres, present a dramatic pictorial history of the invasion, with scenes in Brittany, Normandy, Paris, Brussels, London, Bastogne, Aachen and Cherbourg. American forces are shown on the landing beaches and in France and the pictures also show some of the more famous war correspondents, such as Ernie Pyle, Ernest Hemingway and Cecil Carnes, as well as human interest shots of DeGaulle and other personalities.

Captain Lieb flew to England in December, 1943 and spent six months there filming the preparation for the invasion. He also went to Ireland where he interviewed DeValera. Towards the end of May 1944, he went to the English east coast to get ready to go to France. He went across with the first army and landed on D-day 250 minutes after H-hour, on Utah beach and stayed on the beach for eight days.

Mokena Has Law Enforcement Even Without A Police Officer

Since Mokena has been without a police officer, the young folks must have been thinking that this village was without law enforcement. They apparently were trying to make Front street a speedway. Many citizens have jumped for the sidewalk as they heard those speeders approaching after dark. Luckily no one was killed or injured in the nightly racing contests.

But last week one of the village board members issued a "ticket" to—shall we say—one of the most flagrant speeders.

The case came up for trial before the local police magistrate, the young man pled guilty and was fined. Maybe we can consider him lucky as he was only fined \$20 and costs, where the statutes say that the minimum fine shall be \$5 and the maximum \$100. Yes he saved himself about \$80 in round numbers.

The young man was very lucky too, in that he didn't have a death or a broken body to account for, as traveling at the rate of 55 miles an hour through a business district would call for an accident—and a serious one.

Judge Balaz gave the youth a "lecture" before imposing the fine, which to our mind is the shortest and most to the point lecture ever given around these parts or anywhere else for that matter. It went like this:

Judge Balaz: "What is your occupation. Answer: 'I'm an automobile mechanic.' Judge: 'Do you feel that you are qualified to repair automobiles?' Answer: 'Yes'. Judge: 'Are you qualified to repair a mangled body?' Answer (as the youth slumped down in his chair): 'No.'"

And that was the extent of the lecture, folks. And it seems to us that if everyone would think of their qualifications in repairing broken and mangled bodies BEFORE they get behind the wheel, there would be a lot less accidents, suffering and grief.

Members of the village board are to be commended for taking the safety of the public in their own hands. In case readers do not know it, all board members have full police authority, and before you start speeding, stop and think that a board member is probably just around the corner.

Yes, they have law enforcement in Mokena even though there is no police officer. And no chance of favoritism either as the board members are also citizens of the community—and are working for the good of all—citizens and visitors alike.

BOOST FEEDING PROFITS by Cutting Feed Costs

with a

JOHN DEERE Hammer Mill

It's easy to see that lowering the cost of feed will increase your profits from feeding livestock . . . and that's just what happens when you grind your own feed with a John Deere Hammer Mill.

By using a John Deere to convert home-grown crops into feed which livestock relish, you save the cost of a custom grinder.

John Deere 10- and 14-inch Hammer Mills turn out more feed per hour with less power because they're big-capacity, light-running mills. The grinding unit consists of three sets of step-cut, reversible hammers mounted on a hardened-steel rotor, which runs on New Departure ball bearings for faster, easier grinding. See us soon about a time- and money-saving John Deere Hammer Mill.

NEW FORD CARS TO BE SHOWN AT DEALERS FRIDAY

The 1950 Ford line of passenger cars, with scores of improvements, was made public today by the Ford Division of Ford Motor Company.

"The progress that has been made in performance, economy, safety, comfort and appearance will again mark the 1950 Ford as the car of the year," according to L. D. Crusoe, vice-president and general manager, Ford Division.

The new Fords will be on display in the showrooms of 6,400 Ford dealers throughout the nation starting tomorrow, November 18.

All improvements in the 1950 Fords have been guarded to offer even greater quality than was offered in the high quality 1949 Ford cars.

The new features embody improvements throughout the entire car—in the engine, the body, the seats, doors, frame, trunk, fabrics, instrument panel, brakes, floors and elsewhere.

The '50 Fords will be offered in two lines—the Custom Deluxe and the lower-priced Deluxe series. A full range of body styles will be available, including station wagons and convertibles. Ford will continue to offer the choice of two engines—the 100 horsepower V8 and the 95 horsepower Six.

Styling of the 1950 car, although

the wide public acceptance of the modern design of the Fords, nevertheless includes several distinctive features to enrich the appearance.

A colorful new crest, derived from an authentic coat of arms dating back to 17th century England, appears on the front of the hood and center of the trunk lid. This is the first crest that has ever appeared on Ford cars.

Other styling features include a new hood ornament, re-styled parking lights in new positions and a new ornamental deck lid handle.

Engine improvements include the latest developments in engine design to give 1950 Ford cars the quietest and smoothest running V8's and 6-cylinder engines ever produced by the Company.

Some of the engine features are a new timing gear, auto-thermic type pistons, new design camshaft lobes, new fan and reduction of fan speed on the V8's and many other improvements adding to the life and quietness of the engine.

Economy is keynoted through all of the many engine changes highlighted by still greater economy of oil consumption. The enhanced oil economy results from an addition of an oil squirt hole in the connecting rods, new cylinder wall finish and a rubber seal ring on the intake valve stem guide of the V8 engine.

Comfort features offer a new non sag front seat spring, new sponge rubber front seat cushion, improved front end suspension, additional headroom and increased areas of sound-conditioning for quieter operation.

Safety factors include the strengthening of Ford's famed "Life-guard" body, new bumper guards, a ribbed rear bumper and bumper supports for added strength, easier operating handbrake, wider sun visors and improved steering linkage for easier control.

Colors are offered in a brilliant new array of 11 choices.

There are new colors of broadcloth and mohair for interior finishings.

Doors will be equipped with the new rotary locks as in the costliest cars. The exterior handle will have a touch button latch and there will be arm rest door closers.

Luggage compartments, which are the roomiest in the Ford- priced field, offer a new deck lid latch and an automatic releasing support arm for easy operation together with attractive compartment lining.

Magic air heaters will have a higher speed motor to increase the air flow 25 per cent and the heater control positions will be clustered and clearly marked and illuminated for easy reading and simple adjustment.

Other features include an attractive new three quarter horn ring new gas filler tube and cover, new rigid regulators for windows, new double-walled glove compartment door, new automatic courtesy lights which go on when front doors are opened, new durable floor coverings and increased openings for defrosters.

Overdrive, which improves gasoline economy up to 15 per cent, will continue to be sold as factory-installed optional equipment on all models.

SCRIPTURE: Isaiah 55: 50:6-8. DEVOTIONAL READING: Romans 10:1-13.

God's Open House

Lesson for November 20, 1949

IT IS A WARM chapter, this 55th of Isaiah. Some false ideas about God melt away fast when they are brought close to it. Let us take a look at some of these notions and see how they will in the light of God's word.

Sometimes these notions are held sincerely, sometimes they are mere excuses to keep from facing God. One of these mistaken notions is the idea that God has two lists; one is a list of people on whom he intends to have mercy, and will save; the other list being a private one, of those on whom he intends to have no mercy and will not save.

If your name is on the first list, fine; but if it is on the second list, you are in a hopeless fix; for if God is not going to help you, who can?

This is a terribly wrong notion. It confuses the true God with some sort of sultan in the sky who has a "social register" of persons he will admit to his palace. "Use this invitation as your card of admittance." No, it is not at all like that.

If you really think that admission to heaven is by card only, then cut out Isaiah 55 and present it at the gate. Cut out any verse in the Bible that says "Whosoever,"—John 3:16 for example—and present that. God keeps open house, he does not employ butlers or strong-arm men to keep out the crowds, he wants all to come who will. Do you want God? Then come. Are you thirsty for the living water? Then drink. It is as simple as that.

No Waiting

THERE IS ANOTHER notion that keeps people away from God. It is a kind of shyness. It is the feeling that maybe it isn't any use hunting for God. It is the feeling a boy has when he is lost in the woods and has about made up his mind that there is no use in walking any more, he will just sit down and wait till somebody finds him.

It is the feeling that God may be sensitive and doesn't want people coming bothering him. It is the notion that if God wants me, he will knock me down and drag me where he wants me to be. A man with a notion like that, of course, isn't likely to meet with God. He spends his life paying God no attention whatever, not even thinking about him, perhaps. He may even go as far as he can from the Father's house, believing that God's long arm, like the long arm of the F.B.I. or the Mounties, will reach after him and get him in case God ever wants him.

Now this is a ridiculous idea and a bad one too. Isaiah would not think it true for a minute. "Seek ye the Lord," he says. "Call on God . . . return to the Lord." "Incline your ear and come!" This means you—if you will. But if you won't, God will not force you. He forces no man. He wants willing obedience, loving service, not slavery. God will have no chain on you but the chain of love. God keeps an open house, not a prison farm.

No House Of Horrors

ANOTHER WRONG NOTION, for which, alas, many a church member is partly responsible, is the notion that the nearer we get to God, the gloomier we shall be.

All the talk about sacrifice and suffering for others, such as we were thinking of last week, all the emphasis in the church on the death of Christ, all the solemnity of most church services, make people think: "God may be all right for solemn people, but not for me; I like life with a smile."

Now that is just another mistaken notion. The very persons who know the deeper meanings of sacrifice are just the persons who don't like to use that word about themselves.

In fact, it could be said that in general it is only Christians who have a right to be gay. Jesus himself, on the same night in which he was betrayed, spoke to his friends about sharing his joy to the full.

Isaiah 55 is certainly no invitation to gloom. Joy, peace, the clapping of hands are there. But how do we know Isaiah was right? There is only one way, and that is not to sit arguing about it. You never know what a party is like by staying at home.

Do you really want to find out what goes on there? Don't be content to hear others say, "It's wonderful!" God's door stands open.

TREE FARMING—Near Escanaba, Mich., forestry agent William A. Klunder, left, shows Fred Vascolani, center, and William Sharkey, right, how to operate a tree planting machine that puts down 18,000 trees daily in precise rows. The machine has stirred farmers to a new interest in harvesting trees just like other crops. To many of them on Michigan's upper peninsula the mechanical planter means reforestation, and a way to check erosion.

IN MEMORIAM

In sad and loving memory of our dear husband and father who passed away 10 years ago November 14, 1939.

How slender is life's silver cord,
How soon 'tis broken here.
Each moment brings a parting word
And many a falling tear.
And though these years, to mortals given
Are filled with grief and pain,
There is a hope, the hope of Heaven
Where loved ones meet again.

Nothing is more irritating — and costly than worn out, leaky water cups in the dairy barn. Nothing cuts down the milk flow quicker than depriving your cows of all the fresh water they want when they want it.

Replace those old cups NOW — with brand new Jamesway Cups. Do it before winter sets in and freeze-ups cause a flooded barn. We have a good stock of water cups on hand, as well as repair parts that will make your water cup system like new.
